[REDACTED] 6278

1. Purpose:

To provide ARC-50 (AN/GRC-115) ground station equipment for use at forward staging bases.

25X1A
25X1A

(The FY-64 OSA budget carries an item of [REDACTED] to cover maintenance of [REDACTED] ARC-50 ground station and to provide limited forward staging requirements. Coverage of forward staging requirements was originally intended to be provided by using KC-135 ARC-50 equipments. With the firming up of an operational concept employing four forward staging bases and airborne spare refuelers, the advisability of employing KC-135 ARC-50 equipments became impracticable. The continuing increase in communication requirements dictates a need for fixed ground stations at each of the four forward bases.)

2. Description of work or service required:

The manufacture, test, and delivery of radio communication/navigation equipment by [REDACTED] as follows:-

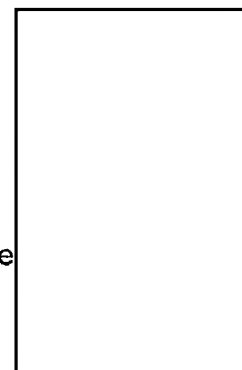

25X1A

A. Four (4) sets AN/GRC-115 ground station equipments

B. Four (4) sets spare modules

C. Four (4) sets spare parts peculiar for GRC-115

D. Four (4) sets AGE ground maintenance equipment
